Battlefield Addiction is a 501c3 non-profit organization. We are here to fill the gaps that currently exist in the addiction/recovery realm. Your donations and participation in our fundraising events throughout the year, make it possible for us to continue growing and building our services. This includes:

- Raising funds to keep **Battlefield Addiction's Sober Living and Treatment Funds** replenished for those families in need, to help offset the costs of treatment and sober living expenses.
- Answering phones and emails 7 days a week, including scheduling welcome calls /intake consultations at no cost, and connecting families to the resources necessary for long term recovery for their loved ones.
- Bringing long term relief to family members through our Weekly Solution Groups, Group Coaching sessions and Workshops. These services are provided and available at no cost.
